Introductory

The present volume constitutes the 1951 edition of Henderson's Directory of Brandon. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting at page 5 contains information about Civic History and Industry, as well as a complete list of Apartment and Business Blocks.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 17 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

△ Denotes that there is a Telephone in the house.

♦ Denotes that someone living in the house is the owner.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens and their wives, business firms and corporations starts on page 85.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY, at the back of the book, exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed, as well as complete listings of Cemeteries, Churches, Consuls, Hospitals, etc.

BRANDON POPULATION, estimated in excess of 21,500

The Directory estimate of population is based on the actual number of individual's names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Brandon Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Brandon may be obtained.

ADVERTISING BRANDON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,

The Publishers,

HENDERSON DIRECTORIES LIMITED.

September, 1951.

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

City of Brandon

(By Courtesy of the Brandon Board of Trade)

THE city was formed out of the county of Brandon by special act of the legislature in 1882. It has always been a city. After the arrival of the railway in 1883 its growth was extremely rapid. It took the name of the "Wheat City of the West." The reason is evident from the fact that the area surrounding Brandon, particularly to the south, north and west, has been and is one of the greatest and most reliable grain growing areas in Western Canada. Following its development as a grain growing area the livestock industry was developed. For many years past Brandon has been a centre for purebred livestock in all its branches. Brandon breeders have been acclaimed in all the capital show-rings of this continent for their cattle, horses, sheep and swine.

Today Brandon has the provincial exhibition of Manitoba and the Manitoba winter fair with fullest facilities for the showing and encouragement of livestock and other agricultural and allied activities. Exhibitors from many parts of Canada and the United States are constant exhibitors at Brandon in competition with the Manitoba breeders. Brandon livestock interests also exhibit their stock in many parts of the American continent and have achieved very considerable success as a reward for their efforts.

The Brandon Chamber of Commerce and the Junior Chamber of Commerce each have an active organization. Their offices are maintained in the city hall for the purpose of their general activities and tourist bureau.

Brandon is the distribution centre of all western Manitoba and eastern Saskatchewan. It is the hub of all transportation facilities in western Manitoba. The main lines of the Canadian Pacific and the Canadian National Railways give splendid service. There is in addition bus transportation both east and west and north and south. Truck transportation also finds its centre in Brandon both for the importing and exporting of merchandise. The city has recently instituted a municipal airport and air service to various points is available and is to be shortly a main line stop for TCA.

Brandon has taken advantage of natural industries where raw materials are readily available from the immediate district, and markets both for local consumption and for exporting are produced in quantity.

Brandon's future seems assured. Population in April of 1947 was 20,045, with 21,214 counted in 1951. Town planning has been undertaken and the scheme is being prepared for the protection of present and future building properties and for orderly development of the city. Considerable areas with trackage, sewer and water are available for developing heavy industry. Sites are also available for distributing and retail development. Favorable power rates are granted by the Manitoba Power Commission, a provincial-

ly owned and operated utility. Brandon's water supply is assured and is being improved by the end of the year. Pure soft water of a standard quality will be available to all parts of the city. Many permanent payrolls are assured, e.g. Canadian Pacific and Canadian National railroads, and employees of industries natural to the community. A large and prosperous farming community tributary to Brandon produces a variety of crops and other produce, thus assuring stability, and continued prosperity.

CITY WATERWORKS PUMPING STATION

Source of supply—taken from Assiniboine River: water flows by gravity through 38" pipe to wells located in pumping Station, taken from these wells by either one of two low lift "Fairbanks Morse" pumps with 50 H.P. Westinghouse motors having 3,000,000 Imp. Gals. capacity each. Water then pumped to Dorrco Hydrotreator where it is softened by means of the Lime-Soda method of softening. Hydrotreator 40' in diameter, 26' deep, equiped with Dorrco agitator, 3,000,000 Imp. Gals. capacity, water travels from there to recarbonation basin where it is treated with Carbon Dioxide produced in this plant by either of two methods from oil burners in either one of our boilers or from Carbon Dioxide machine made by E. W. Bacharch & Co. After carbonation water travels to gravity type filters 750,000 Imp. Gals. capacity each supplied by Roberts Filter Company and equipped with Wheeler bottoms and Palmer agitators. From filters to clearwater well located in our plant of 160,000 Imp. Gals. capacity connected to an outside storage clearwater well of 400,000 Imp. Gals. capacity then from these clearwater wells water is pumped to distribution system by any one of 3,000,000 Imp. Gals. capacity high lift pumps. One Harland pump driven by 250 H.P. General Electric Motor, one Fairbanks Morse Pump driven by 225 H.P. Harland Motor, one Fairbanks Morse pump driven by 250 H.P. English Electric Motor. In addition to clearwater storage tanks located at plant we have one Horton 625,000 Imp. Gals. capacity elevated tank on dis-

tribution system equipped with cathode Rustop system for prevention of electrolysis. Two R.T. boilers, one 150 H.P., one 75 H.P., supplied with Bunker Cee oil burners furnish steam for heating of chemical mixing water and for heating purposes. Water softened to a standard to be not more than 125ppm hardness.

PUBLIC WORKS AND IMPROVEMENTS

The city has 56 miles of water mains, 48 miles of sewer, 60 miles of granolithic sidewalks, 125 miles of graded streets and 29 miles of paved streets, 16½ miles of boulevards and 230 fire hydrants. Permanent steel and concrete bridges are constructed over the river at First and Eighteenth Streets and over C.P.R. at Eighth Street.

Brandon, lat. 49.51°. long. 99.57°; elevation at City Hall 1,255 feet above mean sea level.

STREET LIGHTING SYSTEM

Standard lighting system with 8 five-light ornamental standards. 280 single lights, 710 ornamental single light-brackets.

SYSTEM OF NUMBERING HOUSES

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal System. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every twelve feet, and on streets which runs north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as a basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1, going northward 100 to the block to the northern limits of the city.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First Street are intersected as follows:

Number	Number
100 First Street	1000 Tenth Street
200 Second Street	1100 Eleventh Street
300 Third Street	1200 Twelfth Street
400 Fourth Street	1300 Thirteenth Street
500 Fifth Street	1400 Fourteenth Street
600 Sixth Street	1500 Fifteenth Street
700 Seventh Street	1600 Sixteenth Street
800 Eighth Street	1700 Seventeenth Street
900 Ninth Street	

1800 Eighteenth Street and so on to Thirty-fourth St. and western boundary of the city.

Rosser Avenue East and all avenues running eastward from First Street are intersected as follows:

Number	Number
1 First Street	500 Rideau Street
100 Dennis Street	600 Franklin Street
200 Russell Street	700 Percy Street
300 Frederick Street	800 Douglas Street
400 Park Street	900 Tenth Street

1000 Eleventh Street and so on to Seventeenth Street and eastern boundary of the city.

First Street running southward from Pacific Avenue is a basis for all streets which are intersected as follows:

West of First

Number	Number
1 Pacific Avenue	800 College Avenue
100 Rosser Avenue	900 Park Avenue
200 Princess Avenue	1000 Southern Avenue
300 Lorne Avenue	1100 Brandon Avenue
